Profile

I am a passionate Full Stack Web developer with a keen interest in creating web applications. Our expertise covers programming languages paired with frameworks, as well as understanding the fundamentals of data, web languages, and front-end frameworks.

Education

2021 - 2023 — Diploma of specialized technician in digital development, specializing in full stack web, from the Institute of Applied Technology (ISTA) in Nador.

2020 - 2021 — Student at the Multidisciplinary Faculty of Nador, majoring in General Economics.

2019 - 2020 — Baccalaureate in Life and Earth Sciences from Taha Hussein High School in Jaadar Zegangan, Nador.

Experience

20 April 2023
20 May 2023 — During my second-year internship, I designed and developed an automobile repair management application for a company named "Auto SARL Automobile Repair" in Nador, Morocco. The application encompassed repair management, invoicing, and quotations.

10 October 2022
20 March 2023 — During my second year of studies, I designed an internal application within my institution to manage progress tracking, absences, allocation of units to trainers, timesheets, and student enrollments, thereby streamlining administrative procedures.

10 july 2022
10 September 2022 — During my summer vacation, I worked for two months at PHOTOAYMEN in Jaadar Segangan, Nador. I was responsible for photo editing.
